Griffins (past and present),

It is with a heavy heart that I write to you this morning, but one of our own passed away yesterday. Lt Col Chris "Warf" Seher is no longer with us.

Pee Wee just called me and told me the news. Apparently Warf was found in the water near his boat yesterday; it looks like he may have hit his head.

Pee Wee says that Warf's dad has been notified, but doesn't know who else has been notified yet. As I write this, I'm calling Jerky and Jethro to tell them.

Griffins,
Please read Jethro's reply below. Jethro is actively engaged with Warf's family.

Siko, thanks for putting the word out. I would like to ask everyone to hold their calls. I'll put more information out when I get it. But, for now we have our hands full here in Reno with family. Thank you all for the support.
